A MESSAGE FROM MAYOR ANNETTE IAFALLO ... COVID-19 HOME TEST KIT & N95 MASK DISTRIBUTION EVENT, TUESDAY, FEBRUARY 22ND 4:00-6:00PM

Erie County has provided Lackawanna with a new limited supply of Covid-19 home test kits and N95 face masks.

We will be making these supplies available to LACKAWANNA RESIDENTS ONLY during a drive-thru event on Tuesday, February 22nd from 4PM to 6PM (or while supplies last) at the Lackawanna Senior Center located at 230 Martin Road.

To minimize traffic congestion in the neighborhoods along Martin Road, those interested in receiving a test kit and masks are asked to arrive at the Senior Center no earlier than the 4pm start time.

Picture ID proof of a Lackawanna home address, such as a driver's license or non-driver's ID card, will be required to receive these supplies. Be sure to have your Photo ID ready upon entering the facility to ensure a smooth flow of vehicles through the parking lot.

Please share this message with those who may not follow this page or social media. As always, stay safe and God bless.

NOTE: This message was also sent in a community update call on Friday, February 18th to those who subscribe to receive calls.
